I have not received signature from the approving official yet, not for any worrisome reason just folks have been travelling. Would the defendants object to a 30 day extension of the stay just to make sure I don't have to make a third request? Your cooperation would be appreciated.

The CD continues to make its way through the approval chain. There are no issues, just a combination of holiday congestion and the back up related to a new AAG. I will advise as soon as we have signature.

Cliff and Sarah,

What's the status of DOJ signature and lodging of the consent decree? Bob and I have not seen anything yet. Thanks.
